

Resignation Demanded

Water Commissioner James J. Moran of New York holds telegram in his Brooklyn home in which Mayor Vincent Impellitteri demanded Moran's resignation and threatened to suspend him unless he resigned. Moran resigned later. The mayor said his action against Moran was prompted by disclosures by John P. Crane, head of the city Uniformed Firemen's association, before the Senate crime probe committee, that Crane gave Moran \$55,000 to have him on "our side." (AP WIREPHOTO)

FCC Partially Lifts Freeze On New TV Station Permits

WASHINGTON, March 23—(AP)—The Communications Commission Thursday tentatively opened much more space for television broadcasting and announced plans for a partial lifting of the long freeze on new station permits.

Also, for the first time, FCC made specific provision for educational television.

The additional TV space would be created by setting up 65 to 70 new channels in the so-called ultra high frequencies. This is a section of the radio spectrum now used for experimental purposes only.

Added to the present 12 channels in the very high frequencies, this would give the country between 77 and 82 channels numbered from 2 to 83 (the original channel No. 1 has been turned over to public safety services.)

2,000 Stations Could Open

With this total, some 2,000 stations could be eventually operated in more than 1,200 communities across the country. This compares with present space for only about 400 stations in 140 locations. There are now only 107 stations on the air in 64 cities.

This FCC plan tentatively allocates the new UHF channels and also makes some changes in present channel assignments. A total of 81 stations now on the air would have to shift to new channels, under the proposal.

The limited number of stations now operating results from the freeze which FCC declared on new station construction permits on Oct. 1, 1948 in order to iron out kinks in the operating setup.

The partial relaxation of this freeze proposed today will not bring any new stations into being in the United States proper anytime soon.

Action Merely A Proposal

The commission emphasized that everything announced is in the form of a proposal — not a final action.

FCC will receive comment through May 8 on the plan, for partially lifting the freeze. It will open on May 23 hearings expected to last more than two months, on the proposed channel allocation table.

The commission was unable to say definitely whether there will be 65 or 70 new UHF channels. It is now considering a plea for space in the UHF for long distance telephone and radiotelegraph services. If this plea is granted, there will be 65 new TV channels. If it is rejected, there will be 70.

Among the 2,000 new assignments announced by the Communications Commission were two for Sedalia—they were channel 6 (the present very high frequency), and channel 28 (one of the new proposed ultra high frequency channels).

Verdict \$10,000 To Mrs. Morris

Mrs. Bonnie Morris was awarded \$10,000 in her \$35,000 damage suit against Vernon E. Jenkins and Vernie C. Burgess for injuries allegedly sustained as a result of an automobile accident of Grand avenue and Main street.

The case was tried Wednesday and Thursday in the Pettis county circuit court room. The case was heard by Judge Phil H. Cook of Lexington, who is sitting for Judge Hoffman, who is ill.

Evidence in the case was concluded Thursday afternoon and given to the jury shortly after 3:00 o'clock. The jury returned the verdict at exactly 5:00 o'clock.

Mrs. Morris' attorneys were Fred F. Wesner and John C. McCloskey of Sedalia, and Harvey Roney of Kansas City and for the defendants William F. Brown, John Martin and William Gibson of Sedalia.

The jury which heard the case was composed of George M. Bryan, Dan Robinson, Paul Marsa, L. C. Holman, E. J. Dicks, Emmett Ruffin, L. B. Hammond, Glenn Rhoads, Hall Alexander, E. J. Hienaman, John Hampton and A. E. Trueblood.

Junior Jaycees Plan Election

The coming election of the Sedalia Junior Chamber of Commerce is creating a great deal of interest, not only locally but throughout the state because of the outstanding record of the Jaycees during the first year.

Officers cannot succeed themselves so there will be a complete new set which includes president, two vice presidents, secretary-treasurer and three board members. Four board members will hold over.

The new president and his officers will have very responsible jobs because of the number of young men in the club who are being called to service. During the past year this organization has been called upon to do more civic work than any other club and has always taken over the job willingly and has done it well. This is the plan the club intends to follow in the coming year and it is necessary that an outstanding leader be elected to the presidency.

Bob Wall, who is serving as the first president of the organization, will go to St. Louis to attend the state convention of the Missouri Junior Chamber of Commerce on April 20, 21 and 22 and installation of the local officers, (who will be elected April 5) will be held after Mr. Wall's return from St. Louis. Wall is a candidate for second vice president of the state.

Man Hides Body Of Wife in Ditch

DEQUEEN, Ark., March 23—(AP)—Willie King, a 29-year-old itinerant laborer, Thursday led officers to the decomposed body of his wife in an isolated spot near here. He said she died unexpectedly they and the three children were hitch-hiking to DeQueen last November and that he concealed the body.

Sheriff Cecil Dillahunty, who reported the discovery and King's story, said he was holding the man without formal charge.

Dillahunty said both King and his wife were former patients at Arkansas State (mental) hospital and that King had served a prison term in Iowa in connection with the wrecking of a train while he was in a Civilian Conservation Corps camp in that state more than 10 years ago.

The sheriff said King related this story:

He, his wife, and three children had been visiting his father, Everett King, several miles east of DeQueen.

Last Nov. 21 the family left Everett King's home and started to DeQueen. En route they stopped at a spring in a wooded section. Mrs. King collapsed shortly after taking a drink from the spring. King found she was dead, and, becoming frightened, placed her body in a shallow gully and covered it with leaves.

Death Penalty Given Killer Of Policeman

DALLAS, March 23—(AP)—Robert Johnson, 33, one of four Lamon, Calif., fiddle-band players charged with the murder of a Dallas policeman was given a death penalty last night.

The district court jury deliberated only ten minutes.

The verdict was delivered just two months after patrolman John Sides and patrolman H. L. Dawson were shot down after stopping a car that ran a red light. Dawson recovered.

Johnson's trial ended a half hour after he walked from the witness chair today after unexpectedly saying that he, not his nephew, Marvin, shot Sides.

The four were arrested three days later in Hardy, Ark.

Tigers Enter Kemper Meet At Boonville

The Smith-Cotton high school track squad journeyed to Boonville today to participate in the 24th annual Kemper Military School Indoor Invitational Meet. This will be the second outing for the thin-clad of the Tiger coach, Bob Karnes. Last Saturday they finished sixth in the Central College Invitational Meet at Fayetteville. Karnes hopes the Tiger cinder squad will show improvement today.

This meet serves as a tune-up for the annual Missouri State high school indoor meet next week in Brewer field house at Columbia, in which the locals are entered.

Schools entered include Hickman high of Columbia, Wentworth Military academy of Lexington, Hannibal, Rayton, William Christman of Independence, Richmond Heights, Maplewood, won the meet at Central College last week.

Coach Bob Karnes took a 17-man squad which is composed of Skippy Schultz, Jim Dent, Bob Shawyer, Bill McCarty, Don Pummell, Floyd Burton, Chester O'Bannon, David Lingle, Don Decker, Warren Bryant, Herb Ford, Delbert Keene, D. Schlobohm, Crosby Brown, Richard Stephens, Bob Williams and Bill Morgan.

Montana Seares Aggies In NCAA At Kansas City

KANSAS CITY, March 23—(AP)—Washington's Huskies subdued Texas A&M 62-40 last night after Oklahoma A & M had gained the other semi-final berth by downing Montana State, 50 to 46, in the Western NCAA basketball playoffs.

KANSAS CITY, Mo., March 23—(AP)—Joe McKethen, a scrawny 145-pound guard, scared the living daylight out of the Oklahoma A. & M. before the nation's top two basketball team eked out a 50-46 victory over Montana State in the Western NCAA playoffs last night.

The Aggies, playing without their dependable Norm Pilgrim, plugged their defenses just often enough to squeak past Montana State. Pilgrim was on the sidelines under the NCAA rule that prohibits a player for competing four years for his college.

McKethen, wearing glasses and dribbling left-handed, scored only three times from the floor but he dropped in nine free throws that kept the Rocky Mountain team in the running and the 9,000 fans yelling.

He banged in all his baskets and six of his free throws after the intermission, which found the Oklahoma ahead 25-21.

Big-7 Coaches Oppose Summer Cage Playing

KANSAS CITY, March 23—(AP)—Big Seven Conference basketball coaches have adopted a resolution opposing "any summer basketball promotion."

Reaves Peters executive secretary of the conference said promotion was interpreted to mean any league, such as the Borscht circuit in the east, where athletes hold salaried jobs and compete in league competition.

The resolution, voted at a meeting of the coaches, will be sent to the conference athletic directors for possible action at the May meeting.

Several players involved in the recent college basketball betting scandal in New York performed in the Borscht league. Several University of Oklahoma basketball players competed in the league last summer.

The first telephone call between New York and Boston was made Sept. 4, 1894.

Davis to Fight Giosa Tonight

By Murray Rose

NEW YORK, March 23—(AP)—Another service product moves into the fistful spotlight tonight when John L. Davis of Oakland, Calif., makes his eastern debut against veteran Eddie Giosa of Philadelphia in Madison Square Garden.

Davis credits the army for starting his fistcuffing career. En route to China-Burma-India theater via boat, he donned the leather mitts for the first time. He sparred with some shipmates for fun. When he got out he began slugging for cash.

He's the California lightweight champ and rates No. 2 in the division.

The bookmakers like Davis busy, perpetual motion style and have made him a 2 to 1 favorite. The 9 p. m. (CST) ten rounder will be broadcast by ABC and telecast by NBC.

Two Colleges to Drop Football
NEW YORK, March 22—(AP)—Two Tennessee colleges — Tusculum and Milligan — decided yesterday to stop playing intercollegiate football because of financial problems and the national emergency.

Easter

Easter commemorates the miracle of Christ's resurrection. It is the most joyful period in the Christian year. It brings a supreme reassurance to all—the good, the weak, the sinful—that no power on earth, not even death, need separate man from the love and mercy of God.

The good, who follow Christ in fidelity and confidence, are consoled by the knowledge that whether in adversity or prosperity, His love always surrounds them. They know that the sacrifice of Calvary was a price paid that each soul might pass through the tomb of earthly dissolution into a realm of happiness utterly beyond the human mind's capacity to conceive.

Easter rejoices the hearts of the Risen Christ told Mary, "and died for sinners. It was particularly fitting that Mary Magdalene should be the first witness of His triumph over death and sin. Mary had long since given her heart in love and repentance to the Nazarene, but for all that she personified every sinner who had ever lived or was yet to be born.

"Go to My brethren," the Risen Christ told Mary, "and say to them, 'I ascend to My Father and to your Father, to My God, and to your God.'" With these words the Savior took Mary and all mankind into the family of God.

Christ's death was necessary to atone for the sins of men. But His emergence from the tomb was an assurance that those who renounced sin for His sake would surely share in the joy of His resurrection. Most men are Magdalenes to some degree. Just as Mary accepted Christ wholly and unreservedly and turned to Him for release from the bondage of evil.

Easter symbolizes the peace of Christ in hearts dedicated to His will. It is to those reborn in innocence and love that it brings its gladdest tidings. Life may be hard and cruel at times. Even the most pious and faithful are required to bear some cross. But there is always the promise and the hope of ultimate triumph and service that Christ Himself trod without arriving at the same triumphant goal.

Anniversary by Calvary Baptist

The Calvary Baptist church, located at Broadway and Montauque streets, will, this week, celebrate its 25th anniversary. Two feasts of the celebration will be an anniversary banquet on Friday evening and two special services on Easter Sunday. The church was organized March 31, 1926 with 51 members. At least 10 of these have died and only seven of the original members are still on the church roll.

Since the organization of the church more than 400 people have been baptized into the membership and an even larger number received by letter. Some eight young people have gone from the church into defunct Christian churches and several others have wandered their lives to do so when the way opens. The present membership of the church is 370 and the church is fully organized with Bible School, Training Union, Women's Missionary Union and Brotherhood.

Rev. Frederick D. Stone, now of Trenton, Tenn., was the first pastor of the church and the following served after him: Rev. Robert Connolly of Stearns, Ky.; Rev. M. B. Barlow, Fresno, Calif.; Rev. G. MacD. Thompson, Ottawa, Kas.; Rev. Zeb Thomas, deceased; Rev. J. R. Summers, Marshall, Mo.

serve two masters: for either he will hate the one and love the other; or else he will hold to the one and despise the other. He cannot serve God and mammon." (Matt. 6:24). The lesson-sermon also includes the following passage from the Christian Science Textbook: "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The time approaches when mortal mind will forsake its corporeal structure and material and enter into immortal Mind and its formations will be apprehended in Science, and material beliefs will not interfere with spiritual facts." (p. 402).

JONES' HOLY TEMPLE, Church of God in Christ, 402 East Third street. Elder C. R. Smith, in charge. Sabbath school 9:45 a. m. Morning worship 11:00. Sunday night service 8:00. Subject: "He Is Risen."

Followed by a study of "Love Essential to Eternal Life" taken from the book, "This Means Everlasting Life." Service meeting and theocratic ministry school every Thursday night at 7:30. Easter in Wartime
By William E. Gilroy, D. D.

Death at this Easter is written large on every hand. "What a strange way to start an Easter message," you will say. But the dominant thought and fact of Easter is the overcoming of death.

Death is as old as the human race and it is common to all. It is the one leveling factor that bears no dispute or repudiation. As an old song goes, "Six feet of earth makes us all one size."

But shocking is the realization that many deaths are the result of carelessness. More tragic even than the loss of sons and fathers fighting for the United Nations in Korea are the statistics on motor vehicle accidents last year.

Some 35,000 persons lost their lives on the highways in 1950. Fatal accidents in the home numbered 27,000. Here is a situation when we look at it objectively, that is really appalling.

We are wont to exclaim, "Why does God permit war?" We deplore the sacrifice of our younger men and of older ones in a battle over issues beclouded by diplomatic wranglings. Yet, all the time more lives are actually sacri-

ficed under conditions where we are our own "provocence."

I suppose that many would call me an old-fashioned "temperance crank"—though a newspaper once described me as a "dry but not a fanatical dry"—yet I cannot help but remark on society's passive attitude toward drivers of public conveyances who drink while on duty.

Do you remember when total abstinence was an imperative demand upon railroad engineers, at least in times approaching and during their service?

Yet now millions of engine-powered vehicles—the majority of them not confined to tracks—are in the hands of drivers who succumb to the temptations of "package store" liquor joints and bar-equipped lunchrooms dotting their routes.

The waste of human lives through carelessness responsible for a total of 90,000 deaths last year is a fact as shameful as the Master's triumph over death is glorious.

Let our Easter thought this year be two-fold: We can overcome needless death through safety precautions; and that death, the great "leveler" can be overcome through those words of Jesus: "Because I live, ye shall live also."

Sunrise Service For Easter

Jean H. Faurot, professor of philosophy at Missouri Valley college, Marshall since 1947, will give the sermon at the Sunrise Easter service which will be held at the Drive-In theatre at 6:30 o'clock Sunday morning.

D. at Toronto in 1946. He has held pastorates at Cote des Neiges Presbyterian church, Montreal; St. Andrew's church, St. Lambert, Que., and the First Presbyterian church of Osage City, Kas. He has preached several times in Sedalia during interim between pastorates in the winter of 1948.

Trenton, Tenn., was the first pastor of the church and the following served after him: Rev. Robert Connolly of Stearns, Ky.; Rev. M. B. Barlow, Fresno, Calif.; Rev. G. MacD. Thompson, Ottawa, Kas.; Rev. Zeb Thomas, deceased; Rev. J. R. Summers, Marshall, Mo.

Is Fined After An Auto Chase

Eugene E. McDaniel, Aurora, Mo., pleaded guilty in police court this morning and was fined \$25.00 by Judge Jerry Trotter on a charge of careless driving. Daniel was arrested early this morning after trying to out distance Sedalia police patrol car No. 7.

The patrol car was parked near Broadway and Ohio avenue when a 1949 Chevrolet coach came from the east at what the officers reported as a "pretty good clip." Officer Ted Gardner pulled in behind the car and after a check of several blocks, sounded the siren on the car but instead of pulling to the curb and stopping, McDaniel speeded up.

A chase which went on west to Carr avenue, thence north to Fourth street, thence west to Barrett avenue, thence north to Third street, ended at the State Fair boulevard. It was an abrupt ending with McDaniel failing to turn either left or right and plunging across the boulevard and down into a gully of the "Bunker Hill" territory, the car landing on its top.

The patrol car was halted and the officers jumped out expecting to find someone seriously injured. McDaniel after about five minutes kicked open a door and climbed out. He had a slight scratch on his right wrist. The car was badly smashed on the top.

Chamberlin's wrecker towed the car to police headquarters.

Community News from Green Ridge

The members of the Green Ridge Rebekah Lodge celebrated the 6th anniversary of the institution of their Lodge with a dinner held at the Bennett hall in Green Ridge on Monday night, March 19.

The hall looked like a flower garden with baskets of flowers placed at the Noble Grand's, Vice Grand's, past Grand's and the Chaplain's pedestals and on the piano. Decorations suggestive of the Easter season were made with flowers and an Easter bunny and pinned to the drapes on the pedestals and on the altar. Easter bunnies and nests of colored eggs decorated the desk and a cross stood above the piano with a crown of thorns attached to it.

The tables from which the dinner was served cafeteria style were covered with white cloths and a floral arrangement of spring flowers of pink were arranged around a glittering cross with three pink and green candles at either side in crystal holders. A large angel food birthday cake decorated in the colors of pink and green and holding six candles formed the table decorations.

Twenty nine members from the Meadow Queen Rebekah Lodge at Windsor were guests.

There were a total of 69 members and guests present for the dinner including the high school girls: Virginia Hampton, Jeannie Ragar, Agnes Iman, Anna Katharine Case and Hazel Rothenberger.

Packs and Leaves Quickly in Trailer

When you have spent your entire life in a circus you do things a little different than other people, when you decide to move it doesn't take you a couple of weeks or even a week, it's just like the army, you move right now.

That is what Mrs. J. L. Pease, 1818 East Ninth street, did Thursday. She received word that her daughter, Mrs. Robert Snodgrass, who lives in Baltimore, Md., was ill, and that was enough for Mrs. Pease. She sent a message to her husband, who travels, paid her bills, everybody she could find that she owed, packed all her belongings in her trailer, which until last September when she left the circus and came to Sedalia to

France Crippled By Strike

Walk-Out Ties-Up All Rail Traffic; Strikers Disregard Chance Of Jail Term

PARIS, March 22—(AP)—The French government cancelled police and army leaves today as strikers halted nearly all railway traffic in France.

The government-owned National Railway company was trying to keep a few trains running on the main lines.

Extra bus routes and planes were scheduled, but the Easter travel snarl promised record headaches.

Individual requisition (draft) orders had gone out to about 40,000 key railwaymen—nearly a tenth of the total force. Refusal to obey could mean a five-year jail sentence, but some were reported refusing.

Police Holiday Ends

Police and troops on holiday leave were ordered to get back to their posts as soon as possible, or join the nearest available unit.

The strike is due to end tomorrow at midnight, but there was a chance that the pro-Communist General Confederation of Labor which had not formally called out its 300,000 supporters, would not tell them to go back to work either.

The strike was officially called by non-Communist unions which command only about 130,000 rail workers.

Other strikes persisted in the Paris area. The workers were demanding pay increases to meet rises in the cost of living.

Commission To Fix Figure

A special commission on collective bargaining met today to fix a new cost-of-living figure. Using its report as a basis, the cabinet tomorrow will take up the question of increasing the national minimum wage. This was set last summer at 17,500 francs (about \$50) a month for a bachelor in the Paris area.

Union, Communists and non-Communist alike, are demanding 12 to 16 per cent increases. Walk-outs have affected nationalized industries almost exclusively.

A week-old Paris strike still has most buses and subways halted, but Parisians are getting around with the help of army trucks and unlifted thumbs.

Man Hides Body Of Wife; Says She Fell Dead

DEQUEEN, Ark., March 22—(AP)—Willie King, a 29-year-old itinerant laborer, today led officers to the decomposed body of his wife in an isolated spot near here. He said she died unexpectedly while he, she and their three children were hitch-hiking to DeQueen last November and that he concealed the body.

Sheriff Cecil Dillahunty, who reported the discovery and King's story, said he was not sure of the body without formal charges.

Dillahunty said both King and his wife were former patients at Arkansas State (mental) hospital and that King had served a prison term in Iowa in connection with the wrecking of a train while he was in a Civilian Conservation Corps camp in that state more than 10 years ago.

The sheriff said King related this story: He, his wife, and three children had been visiting his father, Everett King, several miles east of DeQueen.

Last Nov. 21 the family left Everett King's home and started to DeQueen. En route they stopped at a spring in a wooded section. Mrs. King collapsed shortly after taking a drink from the spring. King found she was dead, and, becoming frightened, placed her body in a shallow gully and covered it with leaves.

Praise Given Larry Parks

WASHINGTON, March 22—(AP)—Film star Larry Parks, self-confessed one-time Communist, was praised in the House today as a "great actor" and "loyal American." The praise was for his testimony yesterday before the House committee on un-American activities.

The unusual tribute was paid Parks by Rep. Velde (R-Ill.). He followed an expression by Rep. Potter (R-Mich.) voicing the hope the movie industry would not take reprisals as a result of Parks' admission he was a member of a party cell from 1941 to 1945.

Both Velde and Potter are members of the un-American activities committee.

Paris, who starred in "The Jolson Story," told the committee he joined the party in an idealistic quest that "didn't work out" and quit when his interests faded.

Gov. Extends Bonus Deadline
JEFFERSON CITY, March 22—(AP)—Gov. Forrest Smith signed today a bill extending the time for World War I veterans to apply for their state bonuses. The new deadline is Dec. 31, 1954.

Car Dealer Surrenders

Albert Rontell, sales manager of a used car lot at Los Angeles, signs a fingerprint card in the U. S. marshal's office Wednesday after surrendering on charges of violating price laws. He was accused by the Office of Price Stabilization of selling an auto for nearly \$10,000 more than the ceiling. He is the first defendant in the nation in a criminal action for violating price laws. (AP Wirephoto)

Prowlers Try To Break-In RFC's Files

WASHINGTON, March 22—(AP)—A story of midnight prowlers who apparently tried to get access to secret files of the Reconstruction Finance Corporation during the current Senate RFC inquiry was related today.

Officials said an investigation is being made.

RFC chairman W. Elmer Harper told newsmen he did not know whether any of the confidential documents—some of them linked with the Senate probe—were stolen.

One Item Definitely Taken

Other informants said the only item definitely known to be missing is a bank or building and loan association passbook owned by Mrs. Donald Dawson, who has charge of the files.

Mrs. Dawson is the wife of a White House aide who has been named by a Senate banking subcommittee as having exerted pressure on RFC in connection with loans.

Informants said a severed chain on a door leading to the file rooms gave the first tip-off on the prowlers' visit. Officials said the discovery led the agency to install an electric lock and burglar-alarm system.

Meanwhile, Senators considered whether the RFC needs a new name along with a housecleaning to regain public confidence in the multi-billion-dollar federal lending agency.

Public Remembers Mink Coat
RFC director Walter E. Cosgriff conceded yesterday that a change in name might be desirable, commenting:

"The public may never hear of RFC again but what they think of a mink coat."

This was an allusion to testimony that Mrs. E. Merl Young, a White House stenographer, received a \$9,450 mink coat paid for by a Washington lawyer accused of wielding influence on RFC loans.

The Senate inquiry subcommittee said that the lawyer, Joseph Rosenbaum, and Mrs. Young's husband are members of the group which exercised influence. Young testified he signed a note to repay Rosenbaum for the mink coat.

During the years many pocket and three-cushion billiard exhibitions were played here. John M. Layton who was employed at the Rex theater, was entered by Mr. McNairy in 1916 in the world three-cushion championship tournament in Chicago. Layton won the championship, which he held for 13 years. As he toured the country, sometimes taking part in tournaments, he always gave his address as "Sedalia Missouri, the capital of the world."

In discontinuing the business Charles Burns McNairy, who lives at 500 West Fourth street,

Guzik Won't Give Proper Answers; Now Under Arrest

By DON WHITEHEAD

WASHINGTON, March 22—(AP)—Racketeer Jacob (Greasy Thumb) Guzik came out of hiding today and quickly was slapped under arrest when he refused to answer questions of the Senate crime investigating committee.

The committee voted contempt citations against Guzik—reputed money man for the late Scarface Al Capone—and three other gambling figures.

It decided, however, to lift the contempt citation it had voted against James J. Carroll, long-time St. Louis betting commissioner who had refused to testify before TV cameras in St. Louis. Carroll talked at some length today before Guzik took the witness stand to bring the day's hearing to a dramatic close by being led out of the room by a police captain.

A professional bondsman quickly put up \$10,000 bail for him and he was released.

Guzik, a squat, pudgy mobster, had told the committee practically nothing, not even his age. He did acknowledge that his first name was Jacob, but then clamored up and, in a hoarse monotone, replied to question after question: "I refuse to answer."

Learns Phase On TV

He parroted over and over that the questions "might incriminate me, tend to incriminate me, lead to incriminating me in some devious way." He explained he learned the phase by watching television.

The committee voted unanimously to hold Guzik under arrest for contempt. He was ordered held under \$10,000 bond for an appearance before the committee next Friday, March 30.

The balding, graying underworld character got his nickname "Greasy Thumb" when, according to reports, he was the treasurer of money-handlers for the Chicago Capone mob. He was one of 17 missing witnesses for whom the Senate crime hunters had issued warrants.

His brief appearance on the stand pushed into the background the testimony by "Gettling" Commissioner Carroll, who acknowledged making \$110,000 in 1949 by gambling.

Carroll A Scholar

Carroll had given a quiet and almost scholarly discussion of gambling. And the big television show which has captured the interest of millions had aroused only one major outburst among the Senators.

This was an angry accusation that the telephone and Western Union companies were aiding big-time gamblers by permitting them to use telephones and wire facilities for betting.

But A. T. & T. and Western Union immediately came back with statements that they discontinue service whenever a law enforcement authority tells them it is being used illegally. Western Union officials in New York told reporters that, as a common carrier, the company itself has no right to censor morals or messages.

The A. T. & T. statement said "we don't want bookie business."

Ex-Kansas Senator Sued By Woman Hurt In Wreck

KANSAS CITY, March 22—(AP)—A \$100,000 damage suit has been filed against Harry Darby, former U. S. Senator from Kansas and John Sotnick of Kansas City, in connection with a traffic accident January 21.

The plaintiff, Miss Eva Spargo, 19, claims she was severely injured when the Darby and Sotnick cars collided. She was a passenger in Sotnick's car.

and F. Joseph McNairy, of 1611 West Broadway, expressed appreciation of patronage accorded them and of the friendship they held throughout the years in their business.

The Smoke House has been a favorite meeting place for Sedalians, young and old, since its establishment. Many enjoyed the game of pool as a sport, while others were spectators and some were just passing the time at the Smoke House.

Sedalians will miss the Smoke House in various ways. It has informed baseball fans for years the baseball scores of the day. The Smoke House was generous in giving. It was always willing to help sponsor the town's independent baseball and basketball teams and helped purchase uniforms.

The Smith-Cotton high school football players always gave some thing extra when an opposing team was forced to punt because a blocked kick meant a free leather jacket from the Smoke House. Delbert Bryant, all-Central Missouri Conference guard for Smith-Cotton, was the last player to win one of these jackets.

Nearly every year the Smoke House brought a name billiard or pocket pool player to Sedalia to give a free exhibition. This cost the owners a considerable amount of money—but the Sedalia sports fans nothing. This was one of the few places in the United States where free exhibitions were given. Among the name players, other than Johnny Layton, to visit the local pool parlor were champions Ralph Greenleaf, now deceased; Willie Mosconi and Willie Hoppe, the last two being present world champions.

Produced A Champion
During the years many pocket and three-cushion billiard exhibitions were played here. John M. Layton who was employed at the Rex theater, was entered by Mr. McNairy in 1916 in the world three-cushion championship tournament in Chicago. Layton won the championship, which he held for 13 years. As he toured the country, sometimes taking part in tournaments, he always gave his address as "Sedalia Missouri, the capital of the world."

Parachutists Block Retreat Of Ko-Reds North Of Seoul

Boat Brings Marine Vets Back To US

Shortly before 11 p.m. Thursday, Cpl. A. L. Hawkins, Jr., Sedalia Marine among the 1,500 returned home on rotation, called his parents Mr. and Mrs. A. L. Hawkins, Sr. from San Francisco.

According to the young Marine, San Francisco townspeople held a gigantic parade for the combat veterans, and presented them the key to the city en masse.

Hawkins informed his parents that his leg wound, received in 38-below cold near Hagaruri last November 30, is completely healed. Originally stretcher bearer, Hawkins was pressed into sniper service during that bitter campaign.

After a new issue of clothing Hawkins will come home on furlough. He expects to be here in five to six days.

OAKLAND, Calif., March 22—(AP)—More than 1,500 joyful U. S. Marines and 37 of the nation's heroic Korean war dead came home today.

The 1,529 Marines, many of whom had fought through the 25 below zero cold of the retreat from the Changjin Reservoir, basked in warm sunshine at the rail of their transport, the USS General G.M. Randall, as it docked at an Oakland pier.

They smiled until it appeared their cheeks would burst and craned their necks eagerly for loved ones among the hundreds of wellcomers at the dock.

PFC Carmen B. Barnett, 25, of Camden, Ark., clutched his "Corp terrier," Fluffy, that had gone through the fighting with him from the Inchon landing last Sept. 15.

Dog Recovered From Wound
The dog had been wounded once and so had Barnett. But both were in fine shape today.

The Marines streamed down the gangplank to one joyful reunion after another. In sleek convertibles they wound through the streets of Oakland in a long parade to Treasure Island.

Cheering crowds lined the streets and the happy Marines answered with smiles and up-raised hands.

Ahead of the Marines were 30-day furloughs.

Back in the ship were the dead 72 men from the Navy, the Army, the Marine corps and the Air Force. Fifty-two bodies were of veterans taken from Korean cemeteries; five were of men who had died in Japan of war wounds; and 15 were of men who had died in Japan of other than war causes. Their rank ranged from private to major general. Their deaths had been in 23 states.

Dead Taken to Ft. Mason
In mid-afternoon the Randall pulled away from the pier and carried the dead to the Army's Ft. Mason at San Francisco. Three members of the unified armed services were to hold memorial rites.

There had been similar ceremonies when they left Yokohama 11 days ago.

Perhaps 1st Lt. W. W. Bryant of Springfield, Mo., flier in one of the first Marine squadrons to see action in Korea, had spoken for them too, when he said as the Randall approached the Golden Gate early today:

"The most welcome sight in the world—The Golden Gate and home."

Death Penalty Given Killer Of Policeman
DALLAS, March 22—(AP)—Robert Johnson, 33, one of four Lamont, Calif., fiddle-band players charged with the murder of a Dallas policeman was given a death penalty tonight.

The district court jury deliberated only ten minutes.

The verdict was delivered just two months after patrolman John Sides and patrolman H. L. Dawson were shot down after stopping a car that ran a red light. Dawson recovered.

Johnson's trial ended a half hour after he walked from the witness chair today after unexpectedly saying that he, not his nephew, Marvin, shot Sides.

The four were arrested three days later in Hardy, Ark.

Prisoners Rally To Aid Popular St. Joe Lawyer
ST. JOSEPH, Mo., March 22—(AP)—Every prisoner in the Buchanan county jail volunteered to give blood when lawyer S. C. Greathouse needed it.

For years Greathouse had represented unfortunates brought in to police court. Recently he became ill and underwent an operation. Then a call went out for blood donors.

Twelve were selected and taken to the hospital, but only one had the type needed.

Seven of the other contributed a pint each to the hospital blood bank.

GENERAL OFFENSIVE — With an M-1 rifle slung over his shoulder and followed by aides, Lt.-Gen. Matthew B. Ridgway, commander of the 8th Army, slogs through the mud to an observation post during battle in Korea. The general, who has become a familiar figure to front-line soldiers, was visiting the 24th Division area.

Hand-Out May Cause O'Dwyer Double Woe

NEW YORK, March 22—(AP)—Congressmen leveled tax evasion and perjury inquiries at Ambassador William O'Dwyer today because of a reported \$10,000 cash hand-out from an AFL union leader.

Both his Kefauver crime committee testimony and his personal tax affairs were placed under scrutiny.

The tax inquiry also took in O'Dwyer's long-time aide, James J. Moran, who, during the day, quit under fire his \$15,000 a year lifetime job as city water commissioner.

But O'Dwyer stood firm under attack, denying any plans to step out as U. S. ambassador to Mexico.

Kefauver Backs Opinion
Senator Kefauver (D-Tenn.) said in Washington there are grounds for possible perjury charges in testimony about lavish cash gifts by John P. Crane, president of the AFL-Union of Firemen's Association of New York.

Kefauver asked the Justice Department and the U. S. attorney in New York to go over the entire record of the New York hearing—a record in which Crane swore he gave O'Dwyer \$10,000 in cash and Moran \$55,000.

Another congressional subcommittee set the internal revenue agents to combing the former Democratic mayor's tax affairs. The agents were directed to see if he evaded payment on the \$10,000 Crane claims to have handed him in 1949, in the midst of a mayoralty campaign.

An Error Somewhere
Rep. Keane (R-N. J.) told reporters: "Somewhere in there, there may be a gift tax which should be paid or if the money was given for services rendered or to

be rendered, it should be reported as income.

O'Dwyer denied under oath ever taking any political contributions from Crane, a supporter of his last mayoralty campaign.

However, Crane swore yesterday to the Kefauver crime committee that he handed O'Dwyer \$10,000 in cash in a red manila envelope in October, 1949. He said the money was evidence of the Firemen's support for O'Dwyer's reelection as mayor.

Crane also testified he gave Moran \$55,000 in installments for his good will. Moran had sworn to the committee that he never took any money from Crane.

Moran quit his job as water commissioner today after Mayor Vincent Impellitteri ordered him to get out or face ouster proceedings.

Rep. King (D-Calif.) said the bureau was told to "expedite its investigation and report on the possibility that tax evasion may have occurred through failure to report alleged cash transactions."

The order, King said, applies to O'Dwyer, Moran, "and others in the New York area."

Crane also testified he gave Republican leader John R. Crews \$3,500 for Gov. Thomas E. Dewey's pre-convention campaign in 1948 for the Republican presidential nomination.

Crewe said in Albany there was "not the slightest connection" between the gift and state legislation affecting firemen.

FCC Partially Lifts Freeze On New TV Station Permits
WASHINGTON, March 22—(AP)—now operating results from the freeze which FCC declared on new station construction permits on Oct. 1, 1948 in order to iron out kinks in the operating setup. The partial relaxation of the long freeze proposed today will not bring any new stations into being in the United States proper any time soon.

Action Merely A Proposal
The commission emphasized that everything announced today is in the form of a proposal—not a final action.

FCC will receive comment through May 8 on the plan for partially lifting the freeze. It will open on May 23 hearings expected to last more than two months, on the proposed channel allocation table.

The commission was unable to say definitely whether there will be 65 or 70 new UHF channels. It is now considering a plea for space in the UHF for long distance telephone and radiotelegraph services. If this plea is granted, there will be 65 new TV channels. If it is rejected, there will be 70.

Among the 2,000 new assignments announced by the Communications Commission were two for Sedalia—they were channel 6 (the present very high frequency), and channel 28 (one of the new proposed ultra high frequency channels).

Move Closes Giant Trap On Enemy

TOKYO, Friday, March 23—(AP)—Thousands of U. S. parachute troops today dropped behind enemy lines north of Seoul and cut the main escape highway for an estimated 60,000 Communists.

The day before three allied divisions closed to Seoul struck along a broad front, grinding out gains up to four miles. They were keeping up the frontal pressure on the big enemy force.

The airborne troops, including hard-hitting Rangers, spread out along the flatlands near the Imjin river, which flows about 20 miles north and northwest of Seoul.

Field reports said the airborne troops cut the main road that leads 35 miles northwest from Seoul to Kaesong.

It was a brilliant maneuver, personally led and directed by America's own master paratrooper, Lt. Gen. Matthew B. Ridgway, U. S. Eighth army commander.

Enemy Caught By Surprise
The troops bailing out of the big flying boxcars caught the enemy completely by surprise. They quickly consolidated their positions.

Ground forces only a few miles to the south were hitting the enemy from positions last reported from five to eight miles north of Seoul.

A field dispatch said the United Nations front swung north deliberately on a broad front along the road down which the Korean Reds invaded South Korea last June 25.

AP correspondent Jim Becker said the three unidentified divisions met slight opposition although earlier reports estimated the Chinese Communist high command had thrown 60,000 reinforcements into this sector.

This drive through Communist minefields put the allies within seven miles of Uijongbu, a strategic road junction 12 miles south of Seoul and 16 miles south of the politically ticklish 38th parallel.

The new allied push perhaps was aimed at throwing the Reds off balance before they mount an expected counterattack from the west.

First Cavalry Near Border
On the central front, U. S. First Cavalry division tank patrols prodded within easy range of the artificial boundary between North and South Korea.

The abandoned cavalrymen who took abandoned Chunchon Wednesday, already may have sent patrols across the old boundary between Red North and Republican South Korea, field dispatches indicated.

Although the bulk of the massive Chinese Communist forces in this sector apparently have pulled back behind the border, a veteran rearguard remained entrenched one to two miles south of the parallel.

Chinese rearguard elements struck swiftly and savagely at one Cavalry tank patrol when it ripped within two to three miles of the line Thursday.

Four U. S. Sabre Jets met six Russian-built Mig jets over northwest Korea. The American fliers claimed one probable kill and one Mig damaged.

From Eighth Army headquarters, AP correspondent Leif Erickson reported the allied forces at Chunchon appeared in position to strike across the 38th parallel "any time they chose to move after the with-drawing Reds."

A field dispatch said First Cavalry tanks were within four miles of the parallel Thursday night. One tank-infantry task force suffered some wounded when it ran into a Red ambush less than three miles from the old border. The force withdrew to Chunchon.

Italy Asks Right To Rearm To Block Red Balkan Threat
WASHINGTON, March 22—(AP)—The Italian government has warned the west that rearmament of Russia's Balkan satellites has built up a dangerous situation in the Mediterranean, Italy indirectly appealed for revision of peace treaty restrictions to allow increases in her own armed forces.

The Italian parliament's warning, the officials told a reporter, was passed on to the governments of the United States, Britain, France and Yugoslavia.

The state department has replied that it shares Italy's serious concern over the illegal military buildup in Romania, Bulgaria and Hungary. But the United States is said to have insisted it does not consider the present appropriate for any discussion on possible changes in the Italian peace treaty.

The Loran system is a modern electronic aid to navigation by means of which navigators on or over the ocean can determine their positions accurately and quickly, day or night, and under practically any condition of weather or sea. The name "Loran" is derived from the words "Long Range Aid to Navigation."

At fifteen strategic points throughout the Pacific, between Honolulu and Japan, these stations operate 24 hours a day helping to keep surface vessels and aircraft navigating safely.

Lt. Pharris graduated from the Coast Guard Academy at New London, Connecticut, in 1945 and was commissioned an ensign.

He served for 34 months aboard the famed cutter Bibb on North Atlantic weather patrol and then served one year as executive officer of the (buoy tender) CGC Cactus. He then spent two years as Chief of the Search and Rescue Section of the Second Coast Guard District at St. Louis, Mo.

Prior to his assignment to Loran duty, Lt. Pharris completed five weeks of Loran training at the Coast Guard Training Station at Groton, Connecticut.

Lt. Pharris while a resident of Sedalia had two years in Smith-Cotton high school and also attended Maplewood Junior High school at Maplewood, Mo., finishing his studies at Natic, Mass.

On February 5, this year, Mrs. Pharris gave birth to a son, Thomas Chilton Pharris, and she with the boy are now in Cleveland, Ohio. Lt. Pharris has an opportunity of seeing the child owing to his change in the Coast Guard service.

Red Cross To Fill In Quota

The Pettis County Red Cross campaign still has only 36 per cent of its quota and the fact that all reports yet turned in have exceeded their quotas raises the belief that the solicitors have not been on the job and made their quota.

The drive will last until the quota is reached.

The teachers have exceeded their quota this year.

Prairie township, in which Mrs. Granville Thompson and Mrs. Raymond Neitzner were solicitors, have reached their quota.

One hundred per cent firms include Yunker-Lierman, McLaughlin and Kresges.

If no answer is received on the first phone call, those desiring to do so should call Major Berry's home at 4358 and his or her name will be placed on the roll.

The past week Major Berry in company with Sheriff John Taylor attended an area meeting at Warrensburg, Mo., at which Sheriffs from this area were in attendance. Discussion of their part of the program was conducted.

N. R. Klein A Suicide

Apparent He Had Shot Self At Home Near Smithton

Norman Ray Klein, 26, was found dead at his home just north of Smithton, about 12:45 o'clock Saturday afternoon by his father-in-law and mother-in-law. The young man apparently had taken his own life according to an investigation conducted by Dr. C. Gordon Stauffacher, coroner, and Sgt. William S. Barton of the State Highway Patrol.

He was found lying in his bed with a single shot, 4.19 shotgun beneath the blanket and the muzzle lying on his chest. The charge entered the right side of his head and just above the ear. He died instantly.

A note was found lying on a dresser which indicated family difficulties. However, members of the families of Klein gave information which revealed he was not in the best of health.

War II and served in the Pacific theatre of operations. While there he was wounded in the shoulder and also in the head. It was reported by a member of the family that he had a silver plate in his head as a result of the head wound.

The Kleins lived in a tenant house on the east Smithton Junction road which leads to Highway 50, on a farm of Henry Schotzhauer who had him employed as a farm hand. Mr. and Mrs. Klein had lived there for some time with their two small children.

Klein, last Tuesday night, according to his wife, became irritated when he came home and frightened his wife and children. Mrs. Klein and her two children left the home the next morning and went to the home of her parents, Mr. and Mrs. Frank Beck, about three miles east of the Klein home.

Thursday night Klein went to the home of his father-in-law and had dinner and left there about 10:30 o'clock to go to his home. That was the last time anyone had seen him alive.

Friday afternoon his brother-in-law, Charles Beck, went to the Klein home to get some clothing for his sister, but the doors were locked.

Saturday, Mr. and Mrs. Beck were coming to Sedalia and dropped by the Klein residence to see if Norman was there. After trying the doors and found them locked, started to the Schotzhauer farm home, and not seeing him, went over thinking he was asleep, but instead found the young man had shot himself. The Sedalia police were notified and they in turn notified Dr. Stauffacher and Sergeant Barton. They went to the home and conducted an investigation.

The body was taken to the Hayes and Painter funeral home in Ottumwa.

Dr. Stauffacher said an inquest was not necessary.

Norman Ray Klein was born on the Klein farm, July 21, 1925, the son of Mr. and Mrs. Harry A. Klein, north of Ottumwa.

Surviving him are his wife and two children, Dickie, three years old, and Norman Ray Klein, 16 months old. Also surviving are his parents, and the following brothers and sisters: Arthur Klein, Sedalia; Tommy Fritz Klein, of near Green Ridge; Claude Klein, of Hale, Mo.; Mrs. Nellie Monsees, Bunceton; and Miss Maggie Klein of the family home.

The nomination of a member to the school board drew the only discussion as to whom would be the nominee. Dr. G. H. Abney was nominated to succeed himself as member after a vote of the four wards proved to favor him.

George Miller, city chairman, presided over the meeting and opened it with a prayer. The different precincts then caucused into their wards and chose their candidate for alderman.

Miller then called the meeting back-to-order and asked the approval of the candidates for the office of councilmen.

This job receives no compensation. It was unanimously approved. Mr. Berry made a short acceptance speech, vowing to work hard for the office of First Ward alderman.

Casting This Week For Play

Final casting for "My Sister Eileen" will be completed at two try-outs to be held Tuesday and Wednesday nights, according to Frank F. Evans, who will direct the play. He will be assisted by Mike Bogutski and Mrs. C. W. Stephenson. The play readings for the three-act comedy, final presentation of the season by the Sedalia Community Playhouse, will be held at 7:30 both nights, at the V. F. W. hall, 107 1/2 West Main. "My Sister Eileen" will be presented on May 1 and 2 at Smith-Cotton auditorium.

"There are 19 speaking parts for men in this comedy," said Mr. Evans at a meeting of the club on Wednesday night, "and since some are small roles, acting one of them would be an excellent first experience for a new member who does not wish to attempt a major role. There are six female roles, and try outs will be held both nights for all of these parts, including the title role of 'Eileen.' Men and women interested in reading these try outs are welcome to attend the meetings."

Scott Webber, president of the club, presided and announced Maurice F. Hogan had been appointed by the board of directors as production manager for the new play, with W. E. Bruce as stage manager. Mrs. Neil Royburn was welcomed as a new member. Sorosis To Have Chalk And Talk Program Monday

Mr. and Mrs. Fred Maunel of Washington, Mo., will present a unique program Monday afternoon at Sorosis, with Mrs. Maunel talking on the "Historic Sites in Missouri" and Mr. Maunel, with colored chalk and sketchpad, illustrating their talk.

Both from old Missouri families the Maunels talk and chalk about the state, its birds and trees, its styles of architecture, its historic sites, materials which they had been unconsciously gathering for years as they hiked and traveled around the state.

It was after they closed the door on an insurance agent that had just sold Mr. Maunel retirement insurance that they began to wonder what they would do when he did retire. He liked art, had studied at the Washington university and Chicago and was his hobby started. It had taken them over the state to all types of gatherings and they like meeting the people from all parts of the state. They believe, too, that they are promoting a greater interest in its welfare and its beauty, encouraging Missourians to see the beauty of their state and help in making it more beautiful. For the Maunels, there's no place like Missouri.

Mrs. Maunel is second vice-president of the Federated Garden Clubs of Missouri and was the first chairman of the Blue Star Highway Memorial and is secretary of the Missouri Roadside Development council.

Interpreting The News

By J. M. ROBERTS, JR.
AP Foreign Affairs Analyst
Sometimes the Russian way of doing business is enough to make you burst out laughing—if it didn't lead to so many tears. Stalin even agreed to abolish the old Comintern and permit religious freedom—though he didn't lead any church services—to foster the goodwill through which the United States sent him one fifth of all the supplies which he used in his defense against Germany.

Stalin was in such a jam that he even tried to make friends with his own enslaved people, and old "Mother Russia," for whom the peasants have ever been willing to lay down their lives, was permitted to replace even Joe himself for a time as a proper object of all reverence.

Russia had such a narrow escape from Germany it was obvious that lend-lease meant the difference between defeat and victory.

When the war was over President Truman rather abruptly terminated lend-lease. The manner of action has created some argument as to whether it was wise, and whether it has contributed to subsequent poor relations. I doubt that it made much difference, because the Communists work to a pattern drawn many years before that.

Be that as it may, in due course the U. S. asked the lend-lease beneficiaries to settle up for left over supplies or return them. Assessed valuations were scaled to the bone, leaving little but token payments to be made by everybody.

But Joe didn't want to pay. For thirty years the Russians have had what amounts to a full department in their foreign office charged with collecting dollars. They are inept at letting them go. The U. S. agreed to knock off about 90 per cent of the bill, and to let Russia buy more than 600 loaned vessels if she paid the balance.

Still Joe wouldn't part with his dollars. The U. S. said all right, if you're going to welsh, you'll have to return the ships. All the lend-lease countries had agreed to return such left-over items.

But Joe says he's not going to do it. He says the U. S. agreed to let him buy the ships, choosing to forget the "pay the balance" clause. And a vigorous shaking of the envelope fails to reveal enclosure of any check to pay for the vessels.

Well, Joe is just as good about making agreements out of nothing as he is at making nothing out of agreements. There's no surprise about things like that any more.

But the laughable part comes in when Joe says one reason he won't return the ships is that the U. S. doesn't need them. That's proven, Joe says, by the fact that the U. S. has been selling surplus ships to Latin America and other countries recently.

"What right have you to tell us what to do with your ships?" asks Communist Joe.

He's probably embarrassed about the whole thing, just the same. My hunch is that he's trying to cover up the fact that the ships have all fallen apart or been sunk through inept Russian maintenance and handling, since in mechanical things as well as in the search for peace, the Kremlin seems to operate in reverse.
